- ▶ Your best initiatives launch strong and die at the 60-day mark.
- ▶ You're losing the people you can't afford to lose.
- ▶ You've hired consultants before and ended up with a report nobody implemented.
- ▶ You're working hard. Your team is working hard. It's still not enough.

You don't have an effort problem. **You have a system problem.**

Donna Griggs built this firm to fix exactly that.
